RE: Safety Concerns Regarding the Intelligence Community Whistleblower

Dear Chairman Burr, Chairman Schiff, Vice Chairman Warner, and Ranking Member Nunes:

Enclosed please find correspondence to Acting Director Maguire conveying our serious concerns for our client's personal safety, as well as for others connected to this matter. Our concerns apply directly to the efforts your Committees wish to undertake.

Therefore, we call upon the political leadership of both parties to speak out in favor of whistleblower protection and reiterate that this is a protected system where retaliation is not permitted, whether direct or implied. We further expect that political leaders from both parties condemn any intimidation against our client and others.

I thank you in advance for your time and attention to this matter.

Sincerely,

Andrew P. Bakaj

RE: Safety Concerns Regarding the Intelligence Community Whistleblower

Dear Acting Director Maguire:

Thank you for your unqualified support of our client's statutory Whistleblower rights during your testimony at the House Permanent Select Committee on Intelligence ("HPSCI") hearing last Thursday, and also for your unwavering insistence that our client "did the right thing" and "followed the law every step of the way."

The purpose of this letter is to formally notify you of serious concerns we have regarding our client's personal safety. We appreciate your office's support thus far to activate appropriate resources to ensure their safety.

The events of the past week have heightened our concerns that our client's identity will be disclosed publicly and that, as a result, our client will be put in harm's way. On September 26, 2019, the President of the United States said the following:

I want to know who's the person that gave the Whistleblower, who's the person that gave the Whistleblower the information, because that's close to a spy. You know what we used to do in the old days when we were smart? Right? With spies and treason, right? We used to handle them a little differently than we do now.

The fact that the President's statement was directed to "the person that gave the Whistleblower the information" does nothing to assuage our concerns for our client's safety. Moreover, certain individuals have issued a \$50,000 "bounty" for "any information" relating to our client's identity. Unfortunately, we expect this situation to worsen, and to become even more dangerous for our client and any other whistleblowers, as Congress seeks to investigate this matter.

Thank you for your immediate attention to the matters noted above. Please do not hesitate to contact me directly with any questions or concerns.

Sincerely,

Andrew P. Bakaj
Lead Attorney for the Intelligence Community Whistleblower
